Ionathan Gusmini

Front-End Developper

About Me

Front End Developer who enjoys turning complex problems into simple, beautiful, intuitive apps that deliver an engaging user experience. What started with a "Hello World" has become a full-fledged passion that only gets more exciting as time goes by. I am now driven to develop high-quality software and work with passionate teams on cutting edge technologies. Below you'll find projects I've completed that showcase my skills and general background in developing software. I am open to opportunities during this career transition.
